THE ENTIRE WORLD IS OUR PLAYGROUND!

Together with our steadfast cooperation partners, we deliver world-wide. Our year-long cooperation with the airline operators is your guarantee of quality.

Wherever we do not have offices of our own, we have carefully selected not necessarily the largest, but the best partners in the respective area.

CONSOLIDATION

We consolidate shipments from all over the world, which opens up entirely new possibilities when you import to Denmark.

You do not have to worry whether or not your shipment will fit a given shipping system. Regardless of weight and volume, we will find the right solution and price in combination with our overall volumes.

DK COMPANY

"It is not just the transport, it's everything around it"

The reason we have chosen Prime Cargo is because they are probably the best supplier in Denmark, in terms of textile transport. At the same time, their customs department is efficient and their warehouses are familiar with textiles in terms of splitting deliveries into orders and styles. It's in their DNA".

We actually use Prime Cargo as a shipping supplier of textiles from countries such as India, Pakistan, Bangladesh, China and Hong Kong, where Prime Cargo is highly represented through their agent network.

The challenge is not just transporting goods from A to B. It's everything else that makes the difference. Because of Prime Cargo's network of agents, we are always sure that everything is running smoothly despite obvious differences in working culture from country to country. They have the right experience and knowledge to act optimally in these markets, and this makes us feel safe.

Another important factor is that, with Prime Cargo, we are able to perform quality checks on a neutral ground, and not at the supplier. It is a big advantage for us that Prime Cargo can offer special facilities where the clothes can be carefully checked.

In addition, they have a good Track & Trace system, which allows all purchasers to view order numbers and status regardless of time. Further, they have all the skills under one roof, ensuring that, as suppliers, they are flexible and easy to work with. And then it's great that Prime Cargo has a size that makes you always feel like an important customer and not just one of many.
