PAY FOR THE EXACT SERVICE YOU NEED - NOTHING MORE AND NOTHING LESS

We can handle the entire process, from beginning to end. For example, we can pick up your goods from the manufacturer, supplier or your own warehouse.

We can ship to and from all countries all over the world – and deliver all the way to your shop or to the end user's doorstep. Together, we will find the exact service combination you need.

HANGING GARMENTS

With our hanging garment department Steam-Line, we help you unpack, hang, iron and store your hanging garments. We further offer pick and pack.

SHOE IMPREGNATION

We impregnate shoes and boots prior to shipping to your customers - an extra service, which you can offer your customers for purchase in your webshop.

COMPANY GIFTS

If you sell company gifts online and possibly through other sales channels, we offer combined packaging and delivery of your company gifts.

TEXTILE PRINTING

With our in-house transfer press, we can create individual prints on garments etc., prior to shipping to your customers. We are for instance in charge of printing the jerseys for the Danish football club FC Midtjylland.

GIFT WRAPPING

Buying Christmas and birthday gifts online has become increasingly popular and we offer to wrap the gifts of your customers in your preferred gift wrap. On request, we further add a gift tag with individual text.

IN-HOUSE PHOTO STUDIO

We have a 300m² professional in-house photo studio with professional photographers, who can shoot and edit your product photos. It all takes place near the warehouse entry, enabling us to take quick product photos, in order for your goods to reach the shelf several days earlier than normal.

KOP & KANDE

”Prime Cargo participates in implementation of our ideas and visions”

At Kop & Kande, we have cooperated with Prime Cargo since 2010. Prime Cargo is in charge of warehousing and receives goods from our suppliers to store and making them ready for ordering via our website. Orders are sent directly to Prime Cargo by means of an integrated system; hereafter, they are ready for pick and pack. We further offer our customers gift wrapping as an extra service. We send the gift wrap to Prime Cargo and they then make sure that the goods are wrapped beautifully prior to shipping. We offer a few food products in our webshop and the Danish Veterinary and Food Administration requires that all goods are ongoing date checked. Prime Cargo is also in charge of this task. Prime Cargo further handles our return orders.

Prime Cargo has for quite some years handled orders, received before 1.00 p.m. for shipping on the same day. This agreement has changed and they now also handle orders at night. The

quick and increased order handling is critical at times with e. g. birthday campaigns, increasing orders significantly, as they do on weekends too, and Prime Cargo has the perfect setup for handling it.

Our partnership with Prime Cargo has developed over the years, in which our E-commerce has developed as well. Prime Cargo reacts to our ideas and visions and participates in their implementation. The general development within E-commerce results in customers with new and higher expectations and we aim to meet their requirements with a high level of service, meaning quick delivery, an easy return policy and gift wrapping. All of these things run smoothly, due to our cooperation with Prime Cargo.
