

# ONCE YOUR WAREHOUSE HAS BEEN OUTSOURCED

*Let's find the best integration setup for your business!*

# WHEN IT IS TIME FOR YOUR WAREHOUSE TO FLY THE NEST, PRIME CARGO TAKES THE LEAD

WHETHER YOUR WAREHOUSE IS FILLED WITH VANILLA-FLAVOURED COOKIES, DESIGNER CLOTHES OR DRAINPIPES, YOU CAN KEEP COMPLETELY CALM

Once you have chosen to outsource your warehouse to Prime Cargo, one of our experienced Integration Managers will contact you and steer the course of our cooperation's start-up.

At Prime Cargo, we have plenty of experience with efficient, customised solutions, where we jointly establish the integration setup that matches your business.

## EXAMPLE OF INTEGRATION PROJECT

### START-UP

We identify your needs and jointly assess what type of integration will bring the most value to your business.

### IMPLEMENTATION

We set up the systems in co-operation with your external IT supplier and test, adjust and get your approval to go live.

### OPERATION

We closely monitor your go-live and undertake any necessary adjustments so that your business runs as desired.

## PAY FOR THE EXACT SERVICE YOU NEED - NOTHING MORE AND NOTHING LESS

We can handle the entire process, from beginning to end. For example, we can pick up your goods from the manufacturer, supplier or your own warehouse.

We can ship to and from all countries all over the world – and deliver all the way to your shop or to the end user's doorstep. Together, we will find the exact service combination you need.

# WE OFFER DIFFERENT INTEGRATION OPTIONS

We have good experiences with taking customers to full integration in the course of the first year.

## FULL INTEGRATION

All data are transferred to and from Prime Cargo via integration.

This solution is intended for those of you, who want to focus on your core business and on having only a modicum of manual work in connection with storage management.

- + A modicum of manual work
  - + Full access to statistics and data
  - + High pick and pack security
  - + Growth-proof
  - + Uniform quality
  - + Option to use all of Prime Cargo's special services
- 
- You must expect additional investments for the integration

## PARTIAL INTEGRATION

Selected data are transferred to and from Prime Cargo via integration. The rest is keyed in Prime Cargo's online portal.

This solution is intended for those of you, who have just opened a web shop and have a medium-sized business. You have a small number of incoming orders and expect growth in the number of outgoing orders.

- + Full access to statistics and data
  - + High pick and pack security
  - + Uniform quality
  - + Access to statistics that ensure manual updating in your own system
- 
- Partially manual keying in your organisation
  - Manual "data input errors" are passed on throughout the entire process
  - Only selected special services are offered for this type of integration
  - Limited growth potential
  - Return handling requires manual work

## NO INTEGRATION

Everything is keyed in Prime Cargo's online portal.

This solution is in particular designed for those of you who have a web shop start-up with not more than 50 outgoing orders per week.

- + Option for quick start-up
  - + Small investment in the start-up phase
  - + Full access to statistics and data (depends on the quality of input data)
  - + High pick and pack security
  - + Uniform quality
- 
- All data must be keyed manually in your organisation
  - Manual "data input errors" are passed on throughout the entire process
  - Only selected special services are offered for this type of integration

## PRIME CARGO STANDARD FLOW – FULL OR PARTIAL INTEGRATION
